GERMAIN'S 1958 ROSE INTRODUCTION

Merry Widow

(P.A.F.)

as gay and alluring as its name

A New Red Rose . . . exciting and radiantly beautiful with vibrant, deep crimson, non-fade blooms. Exquisitely formed high-centered buds open to deep crimson, semi-double flowers with velvety textured petals. The profusion of blooms are borne both singly and in clusters on unusually long cutting stems . . . 12 to 18 inches. The Merry Widow has a particularly pleasing fragrance, reminiscent of the old fashioned red rose. This newest Germain's grandiflora rose, another Dr. Lammerts original, attains a height of 4 to 4½ feet. The entire bush is gloriously clothed in dark green leathery foliage.

Golden Showers

THE FINEST PILLAR and CLIMBING ROSE SINCE 1941

LEADING ROSARIANS AGREE: "NO OTHER ROSE LIKE THIS IN FLORICULTURAL HISTORY."

In 16 years, no other rose in this class has combined sufficient beauty, hardiness, and flowering qualities to win this award.

The buds and flowers are enchanting, combining, exquisitely shaped daffodil yellow, long pointed buds with fragrant, high centered, 25 to 30 petaled, 4½ to 5 inch yellow open blooms. Almost thornless, with long beautifully decorative bronze cutting stems, Golden Showers lends itself to spectacular cut flower arrangements.

In the short time when blooms are waiting to burst forth in golden splendor, the plant is magnificently clothed clear to the ground with large, dark green glossy foliage. Golden Showers is so vigorous that it is highly resistant to rose diseases such as mildew and black spot.

A 3 WAY FUNCTIONAL ROSE

The rose that started an entirely new trend in all-rose landscape design.

1. AS A SELF-SUPPORTING PILLAR ROSE—By allowing the canes to remain unpruned for two years, the tops of the canes arch over very gracefully, creating a compact Pillar Rose 8 to 10 feet high.

2. AS AN EYE-LEVEL ROSE BUSH—By pruning away the two-year old wood canes at the base each spring—and heading back the year old canes to about five feet—growth is restrained.

3. AS A WINTER HARDY EVERBLOOMING CLIMBER—One may also train the canes against a building or trellis as a regular climber, arching them over to produce hundreds of gorgeous blooms that rival the finest Hybrid Teas!

A HARMONIOUS BLEND OF THE MOST BEAUTIFUL ROSE COLORS—

LAS VEGAS

(Pat. 1486)

ALL THE WARMTH AND GLOW OF
A DESERT SUNRISE FOR THE
FIRST TIME CAPTURED IN A ROSE

Flowers are a radiant warm salmon pink with a golden sheen at the base of each petal. The large, long pointed buds open into high centered blooms measuring up to 6 inches across, produced freely on long cutting stems.

The plants bearing these gorgeous flowers are vigorous and well branched. Foliage covers the plant with semi-glossy dark green leaves.

SUN VALLEY

(Pat. 1135)

WARMEST, RICHEST, MOST RADIANT
NON-FADING YELLOW EVER
CAPTURED IN A ROSE

Its true guinea golden yellow holds their magnificent brilliant tone in open blooms for days—even in bright hot sunshine—without trace of fading! The full, beautifully shaped buds open to large, strong blooms on long, straight stems. Foliage is disease resistant and its vigorous, shining dark green tone forms a perfect foil for the golden flowers borne in season-long profusion.
